

GoldenHome

COMPANY PROFILE

WHO ARE WE?

GoldenHome began manufacturing high quality kitchen and bath cabinetry in 1999, in Xiamen, China. Today, millions of families, in over 13 countries, use cabinets manufactured by GoldenHome in their everyday lives. GoldenHome's network spans more than 2,000 dealer and franchise locations across China, Australia, the Middle East, and North America. GoldenHome is a public listed company in China (Shanghai Stock Exchange - code 603180).

GoldenHome produces an average of 10,000 cabinets a day and is one of the World's largest cabinet manufacturers with the ability to ramp up production as required. The company's two manufacturing bases in China, covering a combined area of over 830,000 square meters, have the installed capacity to produce more than 13,000 cabinets a day.

The success of GoldenHome is a testament to the management's commitment to quality standards that range from production processes to environmental impact to the relationships in the company's global supply chain. The company's production processes and materials selection is geared to ensure compliance in various international markets, including ISO 9001 (quality), ISO 14001 (environment), KCMA certification, the use of E1 rated materials and CARB 2 compliance. State of the art manufacturing equipment from Germany, an Italian Design Centre and best of breed manufacturing expertise from North America, Australia and Europe have helped GoldenHome evolve into a class-leading global cabinet maker with leading edge designs, scalable capacity and an unparalleled value proposition.

WHAT DO WE DO?
